Dominion Energy Solutions*	NA	No Longer in this region for residential	1-888-284-3558
Energy Plus Holdings, LLC *	7.8 fixed 3	Mmmm, this is a tricky one. Rates for residential energy are introductory, so for the first three months the promotional rate is 7.8 cents per kWh, and after the second bill is paid you get \$25. After the third month, you go to a variable plan that is capped at 30%, or 10.4 cents.Risky, but could be great short term rate and position you well to buy electricity fixed for 12 months with someone else in April, when rates are lower. Consider	855-500-8705
